

# Donate the Deck

**We've got the playground  
but we need your help to  
build the deck...**

**For just £25, you can create a  
design for our decking and  
leave a local legacy!**

# Why is it important?

**We need to raise £7000 to build this wonderful decking area with outdoor seating overlooking our amazing playground, a stainless steel slide and play tunnels for the kids. But we need your help...**

This area is essential in offering increased outdoor seating for visitors, with access for wheelchair and pushchair users (there is currently no suitable outdoor provision).

This decking will also enable the Farm's cafe to expand their covers, allowing them to increase their income to reach their goal of becoming a sustainable business model that does not compromise on the quality of service, produce, taste, community or the environment. As a social enterprise, surplus profits are reinvested back into the Farm and the surrounding area through purchasing power and collaborative working.

What is more, it will be the platform for the new stainless steel slide - a much needed piece of equipment for all kids that like fun. With play 'coves' and lockable space for equipment under the platform, the decking will be the icing of the cake as far as our brand new playground is concerned.

**For more information,  
call the office on  
0117 9428241 or visit  
[www.swcityfarm.co.uk](http://www.swcityfarm.co.uk)**

# Your local legacy...

**For just £25 you can leave a local legacy by creating your own decking design which will be transformed into an oak in-lay on the cafe deck. Simply choose a family emblem, a funky doodle, a small sketch or the name of someone special.**

Whenever you come to visit, you will be able to find your local legacy on the decking and know that you have helped to contribute towards a great community resource.

Return this form with your decking design and payment to: St Werburghs City Farm, Watercress Rd, St Werburghs, Bristol BS2 9YJ or email to [office@swcityfarm.co.uk](mailto:office@swcityfarm.co.uk)

## Your details...

Name:

Address:

Postcode:

Telephone:

**Email:**

**Leave your email address so we can contact you with the design proof.**

Payment method (tick):    Cheque     Cash     Bacs

NB: Your information will be treated confidentially and will be stored in compliance with the Data Protection Act.

# Your decking design...

**Practise your family design on a scrap of paper and draw your final design in the box below.**

Please note that the final designs will be inscribed onto an 10x10cm oak panel using a palm router or pyrography (wood burning) therefore try to keep designs simple, with wording and letters no smaller than 1cm in diameter.

Leave your email address and we will email you the design proof before we inscribe it to the deck.

Designs may need to be modified to ensure they can be inscribed.
